

Maderista XX

Maderista XX is a new blend in the Maderista range, a project between The Madeira Collection and Francisco Albuquerque, winemaker at Blandy's. As always, Tinta Negra Mole provides the wine's structure with a medium dry mouthfeel. We added Verdelho for freshness and elegance. Malvasia gives extra body and roundness. The blend has an average age of 10 y old. X is the mother with only TNM. Xx the female variant with Malvasia, Verdelho and TNM XY the male version with a drier touch of Sercial from the TNM. The carefully chosen additions to the TNM give XX and XY more body and depth.
