

Madeira Collection NR 2

The dry one. Second Blend with tinta negra mole and verdelho, giving structure and freshness? To create the typical dryness we wanted in this blend we used a dry sercial. The result is a fresh and fruity wine with a nice dry final/

Rijping	The MC 1234 is a project created by the madeira collection to lower the entrylevel on madeira wines by giving the wines less oxidation. We try to do that to blend young wines +/- 10 y old of different grape varietals with lots of fruit and good freshness. The project goal is to bring a different style from what exist in the general offer of Madeirawines.
