| Vinificatie     | Blandy's 10 Year Old Malmsey was aged for 10 years in seasoned American oak casks in the traditional 'Canteiro' system, whereby the casks of this wine are gradually transferred from the top floors of the lodge, where it is naturally warmer, to the middle floors and eventually to the ground floor where it is cooler. During this totally natural ageing, the wine underwent regular racking before finally being bottled |
| Rijping         | Blandy's 10 year old Rich Malmsey underwent fermentation off the skins with natural yeast at temperatures between 18°C - 21°C in temperature controlled stainless steel tanks. After approximately 48 hours, fortification with grape brandy takes place, arresting fermentation at the desired degree of sweetness.   |
